LETTER FROM THE PRESIDENT

Dear fellow shooters;
Welcome to the 2025 season at the Edmonton Gun Club. 2024 Proved to be another successful year for the club; where the Alberta Provincial Trapshooting Championships were a big hit; all thanks to the dedication and contributions of our volunteers, members and staff.

For 2025 our board has seen some changes with both Jack Broadfoot and Gerry Gau are stepping down as President and Vice President (respectively). They will remain on the board as directors. On behalf of everyone, I'd like to thank both of them for their time and dedication to our club.

I am excited to introduce myself as your new club president. I am a long time shooter and have been an active director on the board for 3 seasons. Dennis Chrysten will also be joining me as our new vice president.

Looking forward to our 2025 season we have a number of returning programs including our Ladies League starting June 5, and the junior program starting June 4. The Shoot for the Stars Event will be returning this year August 16. This is an amazing fundraiser and it's for such a great cause.

This year the EGC is happy to also announce a couple of family friendly events: the Fathers Day shoot on June 15 and the Oktoberfest Shoot September 20. For up to date information on all events please check out our web page "edmontongunclub.com" or follow us on FaceBook and Instagram.

We look forward to seeing you all on the range
Sincerely,
Dayna Hackett
President, Edmonton Gun Club

SHOOT FOR THE STARS CHARITY

Welcome to the 2025 Shoot for STARS.

We are so pleased to have been selected by the Edmonton Gun Club as the beneficiary of this important event. It is thanks to the generous support of allies, like you, that STARS can be there for the next patient in need. STARS was founded in 1985 and has since flown more than 55,000 missions across Western Canada.

STARS is a charitable not-for-profit organization that responds to community needs. To do this, we rely on a model that blends support from several sources. When you support STARS, you enable us to deliver care anywhere it's required. You propel our innovation, allowing us to deliver leading-edge care that saves lives.

As they've grown and evolved, STARS has never wavered from our mission. Fundamentally we believe that where you live – or work, play and travel – shouldn't impact your chance of survival. Whether by air, ground, or satellite link, the expert care delivered by STARS' doctors, nurses, and paramedics comes in many forms.

The STARS Emergency Link Centre also acts as a critical care logistics hub, connecting patients with help beyond STARS. If you need critical care, STARS' mission is to be there for you – physically or virtually, in whatever capacity they can help.

Thank you for choosing to support us through the Shoot for STARS. We are so grateful for your support!

Sincerely,
Sarah Eccleston
