LETTER FROM THE PRESIDENT

Dear fellow shooters;

As we enter 2026 and the 68th season of the Edmonton Gun Club, on behalf of myself, our board and the Edmonton Gun Club, we thank all of our members for their support, dedication and contributions for making 2025 as another successful season of the club.

This past year we had the pleasure of hosting the Shoot for Stars Air Ambulance Charity. The event was well attended and the club presented Stars with a donation of \$4,000. We also witnessed a huge growth in the number of students attending our events having several attain their first 25 straight in competition. Thank you to everyone who came out and supported our efforts, and a special thanks to the volunteers that made these programs happen.

This year, the club is excited to announce that we have been awarded both the 2026 Canadian National Trapshooting Championships, June 25-28, and the 2026 Alberta Provincial Trapshooting Championships on July 16-19. These prestigious registered events will bring in shooting talent from across Canada and the United States.

We will also see our regularly scheduled ATA registered events continue: The Memorial, The Edmonton City Championships and The Gold Leaf Shoot, as well as the return of the Ladies League, and Junior Program. This year we are happy to add a Men's League to the line up, and by popular demand bring back our Junior program wrap up, with an in house version of an ATA shoot. Please see our program for event dates & details, and support our amazing program advertisers in 2026.

See you all at the range!
Sincerely,

Dayna Hackett
President,
The Edmonton Gun Club

A shooter will not be allowed to make-up more than 50 targets on the make-up traps. If a tardy shooter is unable to join the squad before the squad has started their third sub-event, the shooter must re-squad for the event. The host club may in its discretion charge a re-squad penalty not exceeding \$25. A shooter will not be permitted to re-squad on a short squad that has commenced the event. - 8.Squadding..... The Event Coordinators will assign squadding, for those Squadding at the event. Please allow enough time before the event to go through handicapping & cashiering. Preferential "late/early" squadding will be avoided, as we expect to operate with the least possible delay between events. Reasonable time will be allowed for registration before entries will be closed. If you are going to be late, please make arrangements with the Event Coordinators. Any Shooter wishing to re-squad, or misses their squad will be charged a one time re-squadding fee of \$20CAD, provided the need for re-squad is not a result or instance where the shoot management is at fault. Any shooters re-squadded will be placed on the same bank as their original squad.
- 9.Categories..... Because All American points will be awarded at this tournament, shooters may declare only one category (i.e. Lady1, Lady 2, Sub-Junior, Junior, Junior-Gold, Sub-Vet, Veteran, or Senior Veteran). Chair shooters are exempt from this rule. Category shooters listed above must declare their special category at the time of classification in order to be eligible for special category trophies. It is the responsibility of special category shooters to ensure that their special category has been noted on their entry form prior to cashiering for the first event entered.
- 10.Shoot Order..... Singles and Handicap events will be shot 5 targets per post, 25 targets per trap. Doubles will be shot 5 pair per post, 25 pairs per trap.

- 12.Make Ups..... A squad may be held up to five minutes for a tardy shooter. If the tardy shooter does not appear within five minutes, the squad must begin the event without that shooter. Per ATA Rules, if the tardy shooter arrives before the squad fires the first shot on the second post of the first sub-event, the shooter may make-up the first post only and continue with the squad. A shooter will not be allowed to make-up more than 50 targets on the make-up traps. If a tardy shooter is unable to join the squad before the squad has started their third sub-event, the shooter must re-squad for the event. The host club may in its discretion charge a re-squad penalty not exceeding \$20. A shooter will not be permitted to re-squad on a short squad that has commenced the event. All make-ups must be completed by the time the last squad completes the event.

15. Shoot-Offs.... Preliminary Singles and Doubles Ties will carry over to the next like sub-event where possible. Handicap & Championship Ties will be shot-off as per ATA rules. Any variations are at the discretion of shoot management. Shooters are responsible for determining whether they are in a shoot-off and to report to the shoot-off when called. Shooters who fail to report timely will forfeit. Western Zone Handicap Events Thursday and Friday will be shot off. 18. Trophies..... Trophies will be awarded as per the Trophy List provided below each event. Category shooters are eligible for Class trophies during all Preliminary events, where no Category trophy is supplied. Please claim your trophies! Trophies left behind will be recycled, not mailed. Zone wide competitors will compete for Zone trophies.
19. Closed Ties.. Champion, Category, Place, Class, and Yardage Fall backs as per ATA Rules Section XD. Where multiple Class Resident Shooters tie with the highest score in an event featuring Open and Closed trophies, a shoot off will determine the winner of Closed Champion. Second place will take Closed Runner Up.
20. Etiquette..... Please show courtesy to other shooters by refraining from loud or boisterous conduct while behind shooters still competing on the firing line, especially during the handicap events. Your cooperation is appreciated. The APTA and Provincial shoot management also reserve the right to disqualify, or refuse entry to any person/s or shooter/s who disturb the harmony of the shoot in any manner, or modify/cancel/revise any aspect of the event if necessary.
21. Grievances... Because the Provincial Championship tournament is hosted by a club, The APTA Board of Directors has therefore struck a committee consisting of the ATA Delegate and two others to be appointed by the APTA to be responsible for handling all shooter grievances at the tournament. Shooters with grievances should contact one of the committee members, identified in the Duty Roster section of this Program.
22. Changes..... Every effort has been made to ensure that information in this Program is accurate and complete, however shoot management reserves the right to alter or cancel any part of this program at any time and for any reason, and are not bound by errors or omissions. Changes and/or corrections posted at the registration table/scoreboard area will supersede this program.
24. Amenities.... For all other information such as Camping, Pets, Golf Carts, Solicitation and Vendors, please refer to the Host Club portion of this program and/or posted Club advertising and operational rules. We hope you have a fantastic shoot!

Western Zone..... Zone Wide Options will not be available at the Edmonton Site for 2026. On Thursday, Friday, Saturday and Sunday of this Tournament, Shooters will participate "concurrently" in both the Alberta Provincial Championships and the Western Zone Championships. ATA Rules do not permit Shooters to opt out of participation in one tournament or the other, meaning that all Shooters must pay applicable Western Zone Fees of US\$1.50/100 targets on concurrent Western Zone Events. Given the already inflated cost of shooting, APTA was concerned that this additional expense might discourage participation in the Provincial Tournament. After considering alternatives, the APTA Board of Directors decided to pay the Western Zone Fees on behalf of all shooters competing on Thursday, Friday, Saturday and Sunday.

CLASSIFICATION & HANDI-CAPPING

Classification will be based on official averages and known ability. Known ability will have a strong bearing on classification. The APTA reserves the authority to change the classification of any shooter at any time and the authority with the ATA to make any yardage change deemed necessary. The APTA Board are the Classification and Handicap Committee for this Shoot. Any shooter whose classification is not signed by an APTA Director may be disqualified. Shooters are required to have their 16-yard and doubles averages computed prior to registration. Shooters who present an average card without all targets recorded and/or without averages being calculated will not be classified until the card is completed.

PENALTY CLASSIFICATION & YARDAGE

Singles.....A shooter who has less than 1000 total 16 yard targets registered for the current and previous two years will be assigned to "B" class or higher at the discretion of the APTA Director classifying the shooter. At the discretion of the handicap committee, a shooter's Class may be adjusted if target minimums are met during the tournament.

Doubles....A shooter who has less than 1000 total doubles targets registered for the current and previous two years will be assigned to "B" class or higher at the discretion of the APTA Director classifying the shooter. At the discretion of the handicap committee, a shooter's Class may be adjusted if target minimums are met during the tournament.

Handicap...A shooter will shoot his or her ATA or PITA yardage, whichever is the longest. However if the shooter has not shot PITA targets in the current or preceding ATA target year and has been granted a reduction after an ATA 1,000 target review, the shooter will shoot from his other ATA yardage. Shooters 70 years of age or older and have less than 1000 total handicap targets registered for the current and previous two years will shoot from assigned yardage or average card yardage, whichever is longer. Assigned yardage will be no less than 20 yards. All other shooters who have less than 1000 total Handicap targets registered for the current and previous two years will shoot from assigned yardage or average card yardage, whichever is longer. Assigned yardage will be no less than 23 yards. Yardage may be re-classified if minimums are met during the tournament subject to restrictions.

Subject to penalty classification, this classification table will be used for this Prov/Zone:

| 16 YARDS | | DOUBLES | |
|-----------|-------------------------|-----------|-------------------|
| AAA | 98% and Above | AAA | 96% and Above |
| AA | 96.25% and Under 98% | AA | 92% and Under 96% |
| A | 94.75% and Under 96.25% | A | 89% and Under 92% |
| B | 93% and Under 94.75% | B | 86% and Under 89% |
| C | 90% and Under 93% | C | 82% and Under 86% |
| D | Under 90% | D | Under 82% |

NOTICE TO SPECIAL CATEGORY SHOOTERS

Shooters may declare only one category (i.e. Lady1, Lady 2, Sub-Junior, Junior, Junior Gold, Sub-Vet, Veteran, or Senior Veteran). Chair shooters are exempt from this rule. Category shooters listed above must declare their special category at the time of classification in order to be eligible for special category trophies. It is the responsibility of special category shooters to ensure that their special category has been noted on their entry form prior to cashing in for the first event entered.

Category Shooters tied for event Champion may shoot-off/carry over for the Championship Trophy. If the Category shooter fails in the trophy shoot-off/carry over, they will fall back to the declared Category. Closed Runner-up and closed Category winners may not fall back to Open Champion. All other qualifying closed Category shooters may fall back in the following order: Open Champion, Closed Class, Open Class. When no Champion Trophy, the Category shooter whose score qualifies for a trophy in their Category, may not fall back to place, or class. When no Category Trophy offered, the Category shooter is eligible to shoot for Class trophies without forfeiting their special Category status should they lose. Category Shooters whose score does not qualify for a trophy in their category, may compete for place, or class trophies. Once declarations of Category have been made, the declaration is final and cannot be changed. There shall be no exception to this rule.

LETTER FROM THE PRESIDENT

Dear fellow shooters;

Welcome to the 2026 Canadian Trapshooting Championships!

Thank you to Edmonton Gun Club, volunteers, trap help, and shoot sponsors for making this year's shoot possible. Organizing Canada's national trapshooting competition is a huge task and your efforts are very much appreciated.

I would also like to acknowledge the volunteers at the club, provincial, and national levels. Your dedication and countless hours spent maintaining traps, mowing grass, running shoots, updating web pages, completing administrative work, tracking finances, recording meeting minutes, and countless other tasks, enables others to enjoy this hobby of ours. Thank you for all that you do.

The Canadian Trapshooting Association (CTA) will be inducting five individuals to the CTA Hall of Fame. Please join us at the Hall of Fame induction ceremony as we welcome Neil Burbidge, Allan Day, Larry Ivany, Ron McConnell, and Allan Radway to the CTA Hall of Fame.

Please support the CTA Hall of Fame Lewis in this year's Canadian Singles Championship and the CTA Hall of Fame Raffle at your provincial shoot. All proceeds go to support the CTA Hall of Fame and other CTA initiatives that promote trapshooting in Canada.

The CTA Board will be in attendance at this year's shoot. Feel free to let us know if there is something we can help with, or just say hello. We enjoy hearing from shooters and your feedback is important to us. Good luck, have fun, and shoot well.

Sincerely,

Andrea Bassan
President,
The Canadian
Trapshooting Assoc.

CLASSIFICATION & HANDI-CAPPING

CTA Delegates and Shoot Officials are the Classification and Handicap Committee. Classification will be based on official ATA or PITA averages and known ability. Known ability will consider:

- Official averages (abnormally low scores will be discarded)
- Non-registered scores including shoot-off and practice scores.
- Any other information bearing on a shooter's abilities to shoot and break targets.

In all cases, known ability will have a strong bearing on classification. The Classification Committee reserves the authority to change the classification of any shooter at any time, and the additional authority, through proper channels with the ATA, to make any yardage change they deem necessary. Any shooter whose classification is not signed by the Classification Committee will be disqualified. Shooters are required to have their 16-yard singles and doubles averages computed prior to registration. Shooters who present an average card without all targets recorded and/or without averages being calculated will not be classified until the card is completed. To be considered a Resident Shooter, a shooter must be born in Canada or currently a permanent resident. Shooters must declare Residency at the time of registration. Penalty classification may be assigned at the discretion of the Classification Committee

PENALTY CLASSIFICATION & YARDAGE

Singles..... A shooter who has less than 1000 total 16 yard targets registered for the current and previous two years will be assigned to "B" class or higher.

Doubles.... A shooter who has less than 700 total doubles targets registered for the current and previous two years will be assigned to "B" class or higher.

Handicap... A shooter with fewer than 1000 handicap targets in the current and previous target year combined will be handicapped at no less than 23 yards or their current handicap yardage, whichever is greater.

Exceptions... Lady, Sub-Junior, Junior or Senior Veteran category shooters not meeting target requirements will be handicapped at no less than 20 yards or their current yardage, whichever is greater. Known ability may be used to assign a penalty yardage greater than 20. Shooters with an established yardage who do not meet target requirements, may avoid penalty & shoot from their established yardage for "targets only" forfeiting all options, purses, trophies, or added money. It is the shooter's responsibility to notify the Classification Committee if they are a member of any other ATA recognized trapshooting association. Shooters holding multiple memberships will shoot from the handicap yardage of whichever association shows the greater yardage, or as determined by official ATA rules.

*Subject to penalty classification, this classification table will be used for this tournament:

16 YARDS

| | |
|----------|-------------------|
| AA | 97% and Above |
| A | 94% and Under 97% |
| B | 91% and Under 94% |
| C | 88% and Under 91% |
| D | Under 88% |

DOUBLES

| | |
|----------|-------------------|
| AA | 93% and Above |
| A | 89% and Under 93% |
| B | 85% and Under 89% |
| C | 78% and Under 85% |
| D | Under 78% |

NOTICE TO SPECIAL CATEGORY SHOOTERS

Shooters may declare only one category (i.e. Lady1, Lady 2, Sub-Junior, Junior, Junior Gold, Sub-Vet, Veteran, or Senior Veteran). Chair shooters are exempt. Category shooters must declare their special category at the time of classification. Any Category Shooter tied for event Champion may shoot-off/carry over for the Championship Trophy. If a shooter fails in the shoot-off/carry over and declared a special category, the shooter will fall back to category. This may also occur for Class. A Category Shooter qualifying for a trophy in their category, will compete for category not for place, class or yardage group. If no Event Champion Trophy, the category shooter will take the Category Trophy and may not fall back to Class. Any Category Shooter whose score does not qualify for a trophy in their category, may compete for place, class, or yardage group trophies. Once declarations of Category have been made by the shooter or shoot management, the declaration is final and cannot be changed.
